Ann Van Kampen, Superintendent

The Michigan Association for Fairs and Exhibitions, Michigan 4-H leadership, the Michigan Allied Poultry Industry, the Michigan Department of Agriculture and Rural Development's State Veterinarian Dr. James Averill made the decision to cancel all 2015 poultry and waterfowl exhibitions in Michigan to prevent the co-mingling of birds from different locations.

This includes, but is not limited to shows, exhibitions, swap meets, petting zoos at fairs, game bird and waterfowl fair displays, and Miracle of Life exhibits.

MDARD is working in conjunction with the Michigan Association of Fairs and Exhibitions, Michigan State University Extension, 4-H programs and other partners to identify ways to engage Michigan's youth poultry exhibitors and allow them to still have the experience, according to a news release.

MAFE is working with MDARD, Michigan State University and 4-H to identify alternatives for poultry exhibitors and will use this opportunity to help educate the public about the state's poultry industry.

County fairs and local exhibitors are encouraged to go to the MSU Extension website, msue.msu.edu/ poultryshows, to get a list of options for poultry exhibitors. Those options include suggestions for showmanship, breed classes, market classes and auctions.

MDARD, the Michigan Department of Natural Resources, Michigan Department of Health and Human Services, U.S. Departments of Agriculture Veterinary Services and Wildlife Services, and MSU are working together to conduct avian influenza surveillance and to monitor health of poultry, livestock, wildlife and residents in Michigan.

Michigan residents who notice the death loss of three or more wild birds should report it to DNR at 517-336-5030.

If backyard poultry flock has a high death loss or consistent pattern of death loss in a short period of time, report it to MDARD at 800-292-3939; 517-373-0440, after-hours emergencies.

For more information, visit michigan.gov/aviandiseases.
